### **ADDITIONAL 45 DAY PUBLIC COMMENT PERIOD**

**RE: Federal Aviation Administration (FAA) Letter of March 23, 2018,  
“Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) and  
Invitation of Agency Scoping Meeting”  
Charlotte Douglas International Airport, Charlotte, NC**

The Federal Aviation Administration (FAA) published on March 22, 2018, a NOI to prepare an EIS to evaluate the potential impacts of proposed capacity enhancements and other improvements at Charlotte Douglas International Airport (CLT). The original comment period ended May 7, 2018. However, due to an incorrect project email address for receipt of comments, the FAA has published and opened an additional 45 day public comment period. The additional 45-day period began May 25, 2018 and will end July 9, 2018.

The CLT EIS will evaluate the potential direct, indirect, and cumulative environmental impacts that may result from the Proposed Project, including related activities and actions considered connected to the Proposed Project. The FAA expects to complete the EIS in 2020.

The Proposed Project is made up of four primary Project Elements from the *Charlotte Douglas International Airport Improvement Program* (proposed for construction by 2028):

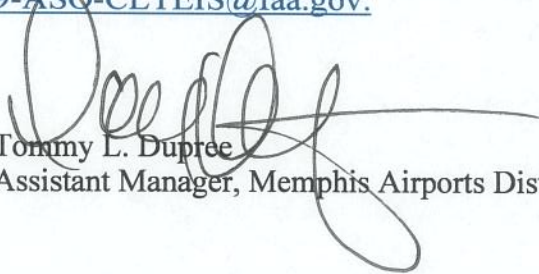

- Fourth Parallel Runway 1-19 and End Around Taxiways
- Concourse B and Ramp Expansion
- Concourse C and Ramp Expansion
- Daily North Parking Garage

Construction of the new runway along with terminal and ramp expansion projects would require the decommissioning of Runway 5-23 and relocation of West Boulevard. Public and agency scoping meetings were held April 23rd, 24th, and 26<sup>th</sup> 2018. For more details and information, please reference scoping materials provided with March 23, 2018 correspondence or the project website [www.CLTEIS.com](http://www.CLTEIS.com).

We look forward to your participation in the environmental review process and your formal comments. Written comments should be submitted to the FAA by July 9, 2018 at the following address:

Mr. Tommy L. Dupree  
Assistant ADO Manager  
Federal Aviation Administration  
Memphis Airports District Office  
2600 Thousand Oaks Blvd., Suite 2250  
Memphis, TN 38118-2462

Comments may also be submitted through the project email address at [9-ASQ-CLTEIS@faa.gov](mailto:9-ASQ-CLTEIS@faa.gov).

Tommy L. Dupree  
Assistant Manager, Memphis Airports District Office
